Attn : Mr Mark Cheng

Dear Mark,

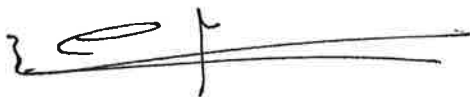

On behalf of IO, I would like to thank you and the entire team at CSME Power System for the tremendous effort in delivering 2 sets of enclosures for our Phase-I build in Ang Mo Kio Avenue 5.

The enclosures were delivered within an extreme tight timeline, a period of 9 days, from date of order. This assisted IO to ensure a timely delivery and successful completion of our project. Your team's implementation and execution of the work at factory and on site is much appreciated.

In our opinion, CSME Power Systems is a systems integrator we would rely on in the future and we would not hesitate to recommend you to others within the industry.

Yours faithfully
