

1 June 2009

TO WHOM IT MAY CONCERN

This is to certify that CSME Power Systems Pte Ltd was engaged to supply, install and test the Secondary Back-up System for Singapore Flyer Pte Ltd.

The Secondary Back-up System was successfully tested, commissioned and certified by the Conformity Assessment Body TUV-SUD-PSB on 25 January 2009.

The works was completed within the desired schedule that allowed Singapore Flyer to be back in operation on 26 January 2009, being the first day of Chinese New Year.

We greatly appreciate the commitment and dedication provided by the Engineering and Technical teams from CSME.

Kind Regards,

A handwritten signature in blue ink, appearing to read "Yazed Osman".

Yazed Osman
Vice-President Operations
Singapore Flyer Pte Ltd.
